

Equality Policy & Statement on Equality

Children Heard and Seen is committed to implementing and promoting equality in its activities, services and practice. It realises that discrimination exists in society (whether protected by law or not) and believes that this prevents potential and ability from being realised in young people and others.

Children Heard and Seen will not tolerate discrimination based on:

- Ethnicity
- Gender
- Sexual orientation or identity
- Disability
- Health
- Age
- Political or religious belief
- Socio-economic background
- Refugee or asylum seeker status

As a provider of a service to the community, Children Heard and Seen accepts the responsibility to promote equality and challenge discrimination wherever it occurs. This document sets out the main consequences of this commitment and the action to be taken to achieve equality.

Children Heard and Seen recognises that some because of their past or present experiences, say or do things which would otherwise be unacceptable and incompatible with Children Heard and Seen's Equality Policy. Where this is the case Children Heard and Seen will challenge other's perspective and support with a view to promoting an understanding of the value of Equality.

Children Heard and Seen realises that a genuine commitment to equality must operate on all levels:

- Children Heard and Seen will prevent unfavourable treatment, directly or indirectly, upon individuals from any group facing discrimination in its recruitment and deployment of human resources. Where discrimination does occur, it will be dealt with through the agreed procedures. This will be achieved by following the Children Heard and Seen Equality Policy.
- Children Heard and Seen will seek to prevent discrimination and ensure equal representation in the services it provides, the structures that it facilitates and the practice through which it carries out its work. This involves the development of greater diversity in the management committee, networks and membership, to ensure a genuinely wide representation.
